Do you use the toolkit?

- What is missing from the toolkit?
- What could make it better?
- Do you prefer reading articles, watching videos, or a combo?
What obstacles are you encountering related to UX and accessibility?

- Hardest parts?
- What is preventing you from doing the work?
- What could make this better or easier?
Ideas for future training/workshops

- Examples: UX Tip of the week or one section of the Toolkit discussed in depth on monthly DUX Open Call?
How do you recruit?
What tools do you use?
What have you used for incentives?
Does anyone have any upcoming or recent testing they would like to share?
